

Radius Solutions

Radius Solutions is the world's largest ERP (Enterprise Resource Planning) software provider focused exclusively on the packaging and printing industry. Founded in 1972, the company has spent several decades developing and deploying solutions for packaging companies. Radius Solutions is a privately held corporation with locations in several countries around the world.

The organization's flagship ERP application, PECAS Vision incorporates the same robust, fully integrated end-to-end functionality of large generic systems, while fitting the unique requirements of packaging and printing organizations. PECAS Vision provides comprehensive capabilities to address multi-site, multi-currency, multi-language and multi-production capabilities in the areas of labels, folding cartons, flexible packaging and commercial print.

Radius Solutions enjoys a highly referencable client base of industry leading packaging companies that regularly experience the many benefits of a world leading ERP system, without costly and risky modifications. At Radius Solutions we regularly help our clients to:

- Streamline business operations
- Increase employee productivity
- Access critical business information for accurate and timely decision making
- Provide superior customer service
- Scale for future business growth
- Consolidate information from different business units into a single view of organizational performance

Hundreds of industry leading packaging operations around the world rely on PECAS Vision to manage their packaging operations and help them make profitable management decisions every day – you can too!

Insight. Foresight. Visionary.

"We feel it is critical to provide our employees with the tools to get their jobs done as efficiently and effectively as possible"

Jim Hammer, President & CEO
Hammer Packaging

Hammer Packaging's vision is clear – to provide packaging that helps customers convey their brands. Radius Solutions' vision is to help packaging companies take advantage of software technology to achieve their business objectives.

Hammer Packaging implemented Radius Solutions' PECAS Vision ERP software across its four facilities. Now at the push of a button, Hammer Packaging has immediate access to critical information, providing complete insight into their entire organization. And Visionary leaders like Jim Hammer recognize that insight provides opportunity.
